# The starting point

- Looking for the wrong scapegoat?
- Nothing new under the sun
- Nature abhors a vacuum
- the content, stupid!

# Moving beyond sterile opposition

- To help rather than to harm
- Movie or picture?
- Gradual multilateralization
- Easier? Illusions are dangerous!

# Stepping stone instead of stumbling block

- Doing the splits
- Welcoming but demanding
- No one size fits all
- Vitamins for the patient

# Plurilaterals: a growing trend?

- Global rebalancing
- A greater diversity of interests
- Wind in the sails
- Overcoming the challenge

Thank you very much  
for your kind attention!
