C. Causes and effects of PTAs: Is it all about preferences?	92
D. Anatomy of preferential trade agreements	122
E. The multilateral trading system and PTAs	164
F. Conclusions	196

A. Introduction

As the world economy recovers from the global financial crisis, the WTO is expected to play a key role in monitoring and promoting trade liberalization. The WTO's work is crucial for ensuring that trade remains a force for growth and development. The organization's efforts are particularly important in the context of the current global economic challenges. The WTO's work is crucial for ensuring that trade remains a force for growth and development. The organization's efforts are particularly important in the context of the current global economic challenges.

1. Policy and the World Trade Report 2011

(a) Introduction

The World Trade Report 2011 provides a comprehensive overview of the current state of the world trade system. It highlights the challenges facing the global economy and the role of the WTO in addressing these challenges. The report also discusses the WTO's efforts to promote trade liberalization and economic growth.
