

**The Draft Law of the Republic of Kazakhstan “On amendments and additions to certain legal acts of the Republic of Kazakhstan concerning intellectual property issues”**

– “communication to the public” means making the work available to the public for the first time with the authorization of the author to publish, publicly display, publicly perform or make it available to the public by any other means;

– “publication” of a fixed performance or a phonogram means offering copies of the fixed performance or the phonogram to the public, with the consent of the author or any other rightholder of the copyright or related rights, and provided that copies are offered to the public in reasonable quantity, through selling, renting or transferring the right of possession of a copy of a fixed performance or a phonogram in any other way;

– “translation” of a work means rendering the work in a language different from the original. The translation must be accurate and shall not mutilate neither the content nor the style of the original work;

– “broadcasting” means transmission by TV and radio channels (excluding the cable TV) of public reception of works, fixed performances, phonograms, and programs of broadcasting or cable TV organizations. Such transmission via the satellite is also “broadcasting” regardless of whether the public actually receives the transmission or not. Transmission of encrypted signals is “broadcasting” where the means for decrypting are provided to the public by the broadcasting organization or with its consent;

– “broadcasting program or cable TV organization” is a program created by the broadcasting or the cable TV organization themselves as well as by another organization with the order and on its own funds;

– “adaptation of a work” means changing the original work from one genre to another. Among

“phonogram” means any fixation of exclusive sound performances or of other sounds or their representations. A fixation of sounds incorporated in an audio-visual work is not a phonogram;

“copy of a work” means a copy of a work in any material form;

“copy of a phonogram” means a copy of a phonogram on any medium, made directly or indirectly from the phonogram and including all sounds or part of sounds fixed in the phonogram;

2) in Article 5:

in paragraph 1:

to add words “in the territory of the Republic of Kazakhstan” after “communicated to the public” in subparagraph (1);

to set subparagraph (3) in the following version:

“3) works communicated to the public beyond the boundaries of the Republic of Kazakhstan or the works that have not been communicated to the public, but exist outside of the Republic of Kazakhstan in a material form, and is recognized as belonging to authors that are citizens or residents of the Republic of Kazakhstan, to their legal successors as well as to other people in accordance with the international agreements, ratified by the Republic of Kazakhstan, taking into account subparagraphs (1) and (2) of paragraph 1 of this Article”;

to add paragraph 4 as follows:

“4. A work is protected in accordance with the international treaties ratified by the Republic of Kazakhstan if it has not become a public property in the country of origin due to expiration of the copyright period in that country as defined by the rules of the correspondent international treaty ratified by the Republic of Kazakhstan, and if it has not become a public property in the Republic of Kazakhstan due to expiration of the copyright period.”;

3) to set the second part of the Article 6 paragraph 5 in the following version:

“Cession of the property right or the ownership right for any material object do not entail transfer of the author right for the work expressed in such object except for cases stipulated by this Law.”;

4) to remove words “(cinematographic, television, and video films, film-strips, and other cinematographic and television works)” in the Article 7 paragraph 1 subparagraph (6);

5) in the Article 9:

to set paragraph 1 in the following version:

“1. The author’s right for a work of science, literature, and art accrues due to the fact of its creation. An author needs no registration of the work, nor any other special arrangement of the work or observing any formalities so as to enjoy the copyright.

“To inform about his or her exclusive property rights, the author and/or rightholder can use the copyright protection symbol, which is placed on every copy of the work and consists of three elements:

“1) Latin letter “C” in circle: ©;

“2) name of the exclusive author rights holder;

“3) the year of the first publication of the work.

“To certify his or her personal non-property rights for a work that has not been communicated to the public, the author, as well as the rightholder for confirmation of his or her exclusive property rights for the work, can register them in official registers at any time during the copyright protection period or the period of validity of the relevant international treaties.”;

to add paragraph 1-1 as follows:

“1-1. Works used (designated) for distinction of goods (services) of persons or legal entities from congeneric goods (services) of other persons or legal entities cannot be registered as copyright objects.”.

6) to add paragraph 3 in the Article 10 as follows:

“3. Each co-author has the right to take measures under this Law and other regulations to protect his or her rights on his or her own behalf, even without the permission of the other co-authors, unless otherwise agreed between them.”;

7) to set the heading of the Article 11 in the following version:

“Article 11. Author right for compound works”;

8) to set the heading of the Article 12 in the following version:

“Article 12. Author right for derivative works”;

The Government of the Republic of Kazakhstan has the right to set minimal rates of author's remuneration in cases when individual practical exercise of (exclusive) property rights is impossible due to the nature of the work or the specifics of its use (public performance, including radio and television broadcast, reproduction of a mechanical, magnetic recording or other fixation, reproducing, etc).”;

13) to add paragraph 3 in the Article 17 as follows:

“3. Transfer of the property right for an art work from the author to another person (for value or for free) means the first sale of the work.”;

14) in the Article 18:

to add words “or the rightholder” after the word “the author” in the heading;

to add words “or the rightholder” after the word “the author” in paragraph 1;

15) in the Article 19:

to add words “or the rightholder” after the word “the author” in the heading;

to add words “or the rightholder” after the word “the author” in the first paragraph;

to add words “or cinematography” after the word “photography” in subparagraph (5);

16) to set article 21 as follows:

“Article 21. Free use of works permanently placed in places open for free access

Reproduction and transmission to the public of works of architecture, photography, and arts that are permanently placed in a place open for free access is permitted without the authority of the author or the rightholder and free from author's fee, except for the cases when the image of the work is the main object of such a reproduction and transmission to the public, or when the image of the work is used for commercial purposes.”;

17) in the Article 24 paragraph 1:

to replace words “concerning functioning” with “necessary for functioning” in subparagraph (1);

to add words “or to order to produce” after the word “to produce” in subparagraph (2);

to add subparagraph (3) as follows:

“3) to make an adaptation of a computer program (software) or a database,”;

18) in the Article 25:

in the first paragraph:

to replace words “other copyright holder” with “the rightholder”;

to replace word “communication” with “transmission”;

to add words “or the rightholder” after the word “the author” in subparagraph (2);

19) to set the Article 26 paragraph 2 as follows:

“2. Remuneration for the reproduction as defined in paragraph 1 herein shall be paid by persons producing or importing equipment and material media used for such reproduction.

The list of such equipment and material media shall be approved by the Government of the Republic of Kazakhstan.”;

20) to add paragraph 9 in the Article 28 as follows:

“9. When granting protection of a work in accordance with the international treaties ratified by the Republic of Kazakhstan, the period of the validity of the copyright cannot exceed the period defined in the country of origin of the work (Article 5 paragraph 4 of this Law).

The periods stipulated herein shall be applied in all cases when the legal fact, which is used for the beginning of the period, took place no earlier than 50 years before this Law took effect.”;

21) to remove the Article 29 paragraph 2;

22) to set the Article 31 paragraph 1 as follows:

“1. The property rights of the author defined in the Article 16 herein can be ceded entirely or in part as well as they can be transferred for use by a publishing agreement on cession of exclusive rights or by a publisher’s agreement on transfer of non-exclusive rights.

“Any cession of the property rights shall be arranged with the agreement in writing, signed by the author and the cessionary.”;

23) in Article 32:

to replace words “five years” with “one year”, words “six months” with “three months” in paragraph 2;

to add “except for cases stipulated by articles 14 and 33 of this Law” after the word “in the future”;

to set paragraph 12 as follows:

“12. It is possible to apply other forms of contracts and the order of their conclusion as set by the laws of the Republic of Kazakhstan when selling copies of works, expressed in electronic form, including computer programs (software) and databases, as well as when providing mass users the right of access to them.”;

24) in the Article 36:

to replace words “broadcast by wire or wireless means” with “to broadcasting or cable organizations”;

to set paragraph 4 as follows:

“4. The related rights of foreign persons or legal entities are recognized in the territory of the Republic of Kazakhstan in accordance with the international treaties ratified by the Republic of Kazakhstan if a correspondent performance, phonogram, program of a broadcasting or cable organization has not become public domain in the country of its origin as defined by the rules of the relevant international treaty ratified by the Republic of Kazakhstan, due to expiration of the validity period set in that country

25) in the Article 37:

to set paragraph 1 subparagraph (2) as follows:

“2) the right for protection of the performance from any mutilation or any other encroachment capable of harming the honor and/or dignity of the performer (the right for protection of reputation);”;

to add paragraph 1-1 as follows:

“1-1. The performer shall enjoy personal non-property rights regardless of his property rights and reserve them in case of cession of exclusive property rights for the use of the performance.”;

to set paragraph 2 as follows:

“2. Exclusive rights of the performer for the use of the performance means the right to permit or forbid the following actions:

“1) fixate a performance that has not been fixated before;

“2) reproduce directly or indirectly a fixation of a performance in any form;

“3) broadcast, transmit to the public by cable or make available to the public a performance without using a fixation of the performance;

“4) broadcast, transmit to the public by cable or make available to the public a fixation of performance except for the cases stipulated in article 39 paragraph 1 of this Law;

“5) rent a phonogram containing a fixation of a performance by the performer published for commercial purpose. When concluding an agreement on fixation of the performance in the phonogram, this right transfers to the producer of the phonogram. In doing this, the performer reserves the right for the fee for renting of copies of such phonogram.”;

26) to set the Article 38 paragraph 2 as follows:

“2. Exclusive rights for the use of a phonogram means the right to permit or forbid the following actions:

“1) reproduce a phonogram directly or indirectly and in any form;

“2) distribute the original and copies of a phonogram, including import, by means of a sale or any other form of transferring the property right;

“3) give for rent, even after its distribution by the producer of the phonogram or with his permission;

“4) change or alter the phonogram by any means;

“5) make the phonogram available to the public.”;

27) in the Article 40:

in paragraph 2:

to set the first paragraph as follows:

to replace words “broadcast or transmit by cable” with “broadcasting or cable organization”;

to replace words “literature, science” with “science, literature”;

29) in the Article 42:

to add words “capable of infringing the honor and/or virtue of the performer” after “infringement” in paragraph 1;

to replace words “the first transmission” with “the first communication to the public” in paragraph 4;

to replace words “broadcast or transmit by cable” with “broadcasting or cable organization” in paragraph 8;

to add paragraph 9 as follows:

“9. Expiration of the validity period of the related rights for a performance, staging, phonogram, program of a broadcasting or cable organization means their transferring to the public domain.

“Provisions of the Article 29 of this Law with taking into account articles 34-42 herein shall be applied to the objects of related rights that became a public domain.”;

30) to set the Article 43 paragraph 3 as follows:

“3. It is impermissible for two or more collective leadership organizations to manage similar property rights on the behalf of similar categories of rightholders with similar methods of using the works and the objects of the related rights. Such organizations shall only be created by authors, rightholders, or holders of the related rights and shall work in accordance with their statutory documents, authority granted and licenses obtain under the regulations of the Republic of Kazakhstan for management of property author and related rights on collective basis”;

31) in the Article 47:

to remove paragraph 1 subparagraph (4);

to remove paragraph 2.

2. To the Law of the Republic of Kazakhstan “On protection of selection achievements” as of 13 July 1999 (Newsletter of the Parliament of the Republic of Kazakhstan, 1999, # 19, p. 655):

1) in the Article 2:

to replace word “Kazpatent” with “authorized body” in subparagraph (2);

to remove word “Kazpatent” in subparagraph (3);

in subparagraph (10):

to add words “of the republic of Kazakhstan” after “citizens”;

to replace word “Kazpatent” with “authorized body and expert organization”;

2) in the Article 3:

to set paragraph 2 as follows:

“2. The authorized state body (hereinafter referred to as ‘the authorized body’) participates in the implementation of the state policy in the field of protection of selection achievements, accepts applications for selection patents, and performs other functions assigned by the legislation.

“An expert organization subordinated to the authorized body (hereinafter referred to as ‘expert organization’) shall examine selection achievements, keep the State Register of Selection Achievements, and publish information about selection achievements.”;

in the Article 5:

to replace word “Kazpatent” with “expert organization” in the first part;

to replace word “Kazpatent” with “the authorized body” in the second part;

3) in the Article 4:

in paragraph 2:

to remove words “for patent” in the first part;

to remove the last sentence in the second part;

4) in the Article 5:

to set the heading as follows:

“Article 5. Application for a selection achievement”;

in paragraph 1:

to set the first part as follows:

“Applications for selection achievements shall be submitted to an expert organization.”;

to remove words “for issuing the patent” in the second and the third parts;

to replace word “Kazpatent” with “the authorized body” in the first part of paragraph 2;

in paragraph 3:

in the first part:

to remove words “for issuing the patent”;

to replace words “issuing the patent” with “making examination” in subparagraph (1);

to set the second and the third parts as follows:

“A selection achievement application shall be enclosed a document confirming the payment for the examination services of the expert organization. The fee size shall be set in accordance with the legislation of the Republic of Kazakhstan. Application is not accepted without payment documents.”;

to remove words “for issuing the patent” in paragraph 4;

to replace word “Kazpatent” with “the authorized body” in paragraph 5;

5) in the Article 6:

to replace words “patent issuing” with “selection achievement” in paragraph 2;

to replace word “Kazpatent” with “expert organization” in paragraph 3;

6) in the Article 7:

to replace word “Kazpatent” with “expert organization”;

to remove words “containing the patent application and the selection achievement blank” in paragraph 1;

7) in the Article 8:

to set paragraph 1 as follows:

“1. Upon two months after the application submission the expert organization makes a preliminary examination, review of the documents required for eligibility, defines the date of the application submission and the grounds for a priority. Preliminary examination of the patent application shall be made within two months.

“The applicant has the right to make changes and corrections in the application within two months since the submission provided that the essence of the application remains the same.”;

to set paragraph 3 as follows:

“3. If the results of the preliminary examination are positive, the expert organization shall send copies of the selection achievement application and form to the corresponding state commission for further consideration of the application.”;

to replace word “Kazpatent” with “the authorized body” in paragraph 5;

to set paragraph 6 as follows:

“6. The expert organization shall publish the information about the application that positively passed preliminary examination in the newsletter within 18 months since the application submission. The materials of the application can be published before the stated time period by the applicant’s request.”;

8) in the Article 10:

to add words “and issuing the selection achievement patent” in the heading;

to remove parts three and four from paragraph 1;

to set paragraphs 4, 5, and 6 as follows:

“4. If the sort and kind of patentability are adequate, the state commission makes an official description of the sort and kind.

“5. Upon the examination in the state commission, the applicant submits a selection achievement patent application to the authorized body. The following documents shall be enclosed to the application:

1) positive decision of the state commission;

- 12) to add words “or in the order of legal succession” in article 16;
- 13) to replace word “Kazpatent” with “the authorized body” in article 18 paragraph 4;
- 14) to replace word “Kazpatent” with “the authorized body” in article 19;
- 15) to replace word “Kazpatent” with “the authorized body” in article 21 paragraph 2;
- 16) to replace word “Kazpatent” with “the authorized body” in article 22;
- 17) to remove the Article 25;
- 18) in the Article 26:

to replace words “Kazpatent issues a newsletter to publish information” with “the authorized body publishes information pertaining to the registration of selection achievements in the newsletter” in paragraph 1;

to set paragraph 2 as follows:

“2. Anybody has the right to learn the application materials after publication of the application information.”;

- 19) to set the Article 27 as follows:

“Article 27. Patenting selection achievements abroad

“The applicant has the right to submit the first application for protection of a selection achievement to an authorized body of another state, provided that such a state and the Republic of Kazakhstan made a bilateral or multilateral agreement on protection of selection achievements.

“The applicant can submit the application to authorized bodies of other states before obtaining a protection document from an authorized body of the state to which he submitted the first application.

“The applicant shall incur the costs connected with protection of the rights for selection achievements abroad.”;

3. To the Law of the Republic of Kazakhstan “The patent law of the Republic of Kazakhstan ” as of 16 July 1999 (Newsletter of the Parliament of the republic of Kazakhstan, 1999, # 20, p. 718):

- 1) in the Article 1:

to remove word “Kazpatent” in subparagraph (1);

in subparagraph (9):

to add words “of the Republic of Kazakhstan” after “citizens”;

to replace word “Kazpatent” with “the authorized body and the expert organization”;

- 2) to replace word “Kazpatent” with “the authorized body” in article 3 paragraph 1;

- 3) to set the Article 4 as follows:

“Article 4. The authorized state body and the expert organization

“1. The authorized state body (hereinafter referred to as ‘the authorized body’) shall participate in the implementation of the state policy in the field of legal protection of the industrial property objects, accept applications for industrial property objects, issue documents of title, and execute other functions assigned by the Government.

“2. An expert organization subordinated to the authorized body (hereinafter referred to as ‘the expert organization’) shall examine industrial property objects, keep the State Registers of Industrial Property Objects, and publish information about industrial property objects under this Law.”;

4) in the Article 5:

to remove word “Kazpatent” in paragraph 3;

in paragraph 4:

to add words “and listed in the list of significant features of an industrial design” after “product (design)”;

to replace words “can be drawn” with “can be used”;

5) in the Article 10 paragraph 3:

to remove word “Kazpatent”;

to replace words “for application submission” with “for obtaining document of title”;

6) in the Article 11:

to add part two in paragraph 1 as follows:

“The patent holder shall enjoy the exclusive right for the use of the protected industrial property during the document of title’ period of validity, beginning from the date of publication of the information about the issue of such a document of title in the newsletter.”;

to replace word “them” with “patent holders” in part two of paragraph 3;

in paragraph 4:

to replace word “invention” with “industrial property object”;

to replace words “the invention has not been used” with “the industrial property object has not been used”;

to replace word “Kazpatent” with “the authorized body” in paragraph 6;

to set paragraph 8 as follows:

“8. The document of title shall be valid provided that the patent holder pays the annual fee for prolongation of the document of title in the amount and the order defined in the tax legislation.”;

7) in the Article 13:

in paragraph 1:

to add words “bona fide” after “created”;

to add words “of such a use” after “without increasing the amount”

to remove word “Kazpatent” in paragraph 3;

8) in the Article 14:

to replace word “Kazpatent” with “the authorized body” in paragraphs 4 and 5;

to add paragraph 5 as follows:

“If a license agreement is made, the payment for the prolongation of the document in title shall be made beginning from the subsequent year.”;

9) to add words “since the date of the first publication of information about the issue of the document in title” in article 15 paragraph 2 subparagraphs (2), (3), and (5);

10) to set the Article 16 as follows:

“Article 16. Application for a document of title

“A person enjoying the right for a document of title in accordance with article 10 paragraph 10 of this Law (hereinafter referred to as ‘the applicant’) shall submit an application for a document of title to the authorized body. The application for the document of title shall be in Kazakh and Russian.

“The following documents shall be enclosed to the application:

- 1) positive resolution of the expert organization;
- 2) a copy of the application for industrial property object;
- 3) a letter of attorney if the application is submitted by an attorney.”;

11) in the Article 17:

to set the heading as follows:

“Article 17. Application for invention”;

to set paragraph 1 as follows:

“1. The application for invention shall be submitted to the expert organization. The invention application shall cover one invention or a group of inventions interrelated to such an extent that they make one invention design (requirement

in paragraph 2:

to replace word “Kazpatent” with “the expert organization”;

to add word “a certified” after “to enclose” in part two;

in paragraph 3:

to replace word “Kazpatent” with “the expert organization”;

to add words “, and as of the date of its submission the application, by which the said additional materials were submitted, is not recalled and is not considered to be cancelled.”;

in part one of paragraph 4:

to replace word “Kazpatent” with “the expert organization”;

to add words “that is not recalled and is not considered as being cancelled as of the date of application submission” after “property”;

to set paragraph 5 as follows:

“5. The priority for an industrial property object by a divisional application is set in accordance with the date of the submission to the expert organization of the original application by the same applicant; and with the right to set an earlier priority by the original application, that is set in accordance with the date of its priority, if the divisional application had been submitted before the negative decision of the expert organization on the original application, the appealing opportunities for which had exhausted; and if the expert organization made a positive resolution on the said application, it is set as before the date of the submission of the application for a document of title to the authorized body.”;

in paragraph 7:

to replace words “than the document of title is issued upon the application” with “the priority is given by the same application”;

to replace word “Kazpatent” with “the expert organization”;

15) to set the Article 21 paragraph 2 as follows:

“2. Changes concerning the applicant’s order at a cession of the rights to obtain a document of title or resulting from the change in the name of the applicant, as well as technical mistakes corrections can be made in the documents of the application before the date when the authorized body makes a decision on the issuing of the document of title.”;

16) in the Article 22:

to replace word “Kazpatent” with “the expert organization” in paragraph 1;

to replace word “arrangement” with “to the documents” in part one of paragraph 3;

to replace word “independent” with “divisional” in part one of paragraph 4;

in the Article 5:

to replace words “a decision is made on the issuing of a preliminary patent” with “the expert organization makes a positive resolution for preliminary patent”;

to remove part two;

in paragraph 6:

in part one:

to replace words “a decision is made to refuse the preliminary patent” with “the expert organization makes a negative resolution”;

to replace words “a decision to refuse issuing preliminary patent is made” with “the expert organization makes a negative resolution”;

in part two:

to replace word “Kazpatent” with “the authorized body”;

to replace words “a decision to refuse issuing preliminary patent ” with “the negative resolution of the expert organization ”;

to set paragraph 7 as follows:

“7. The expert organization substantially examines the application by the request of the applicant or a third party, which shall be submitted after the publication of the preliminary patent information, but no later than in five years since the date of the application submission, provided that the preliminary patent validity period was extended in accordance with the Article 5 paragraph 3 of this Law. A substantial examination of the application includes data research pertaining to the submitted invention so as to determine the technical level , to check the conformity of the submitted invention tot he requirement of unity of invention and to patentability conditions defined in the Article 6 of this Law. The substantial examination shall only be made upon submission of a document certifying the payment of the fee for the application substantial examination service as well as a document certifying the payment of the fee for prolongation of the preliminary patent, if the application is submitted by the applicant.”;

in paragraph 8:

to replace word “Kazpatent” with “the expert organization” in part one;

to set part two as follows:

“Additional materials without changing the essence of the invention requested by the expert organization shall be submitted within three months since the dispatch of the request or a copy of the materials opposed to the application, provided that the said copies were requested by the applicant within two months since the date when the expert organization sent the request.”;

in paragraph 9:

in part one:

to replace word “Kazpatent” with “the expert organization”;

to replace words “a decision is made on patent issuing” with “the expert organization makes a positive resolution on the patent”;

to add words “with the definition of the priority set” after “agreed with the applicant”;

to remove part two;

in paragraph 10:

to replace words “the decision to refuse the patent issuing is made” with “the expert organization makes the negative resolution”;

to replace words “ the decision to refuse the patent issuing is made” with “the expert organization makes the negative resolution” in part two;

in part three:

to replace word “Kazpatent” with “the authorized body”;

to replace words “decision to refuse patent issuing” with “the negative resolution of the expert organization”;

in paragraph 11:

to replace words “Kazpatent has no right to make” with “the expert organization shall not make”;

to remove the last sentence;

to replace word “Kazpatent” with “the expert organization” in paragraph 12;

to set paragraph 13 as follows:

“13. If when processing the application it is concluded that it contains information, which is a state secret, the application is classified under the existing laws of the Republic of Kazakhstan.”;

17) in the Article 23:

to set paragraph 1 as follows:

“1. The expert organization makes a formal examination of the application after two months since the date of submission. Upon a request of the applicant in writing the formal examination can made before the said period. In this case the applicant foregoes the right stipulated in the Article 21 paragraph 1 of this Law since the moment of the request submission.

“The formal examination checks for the presence of all necessary documents and meeting the requirement set; determines the date of the application submission, the possibility of applying the submitted proposal to the objects protected as useful models, as well as it checks the unity of the useful model.

“No check of conformity of the declared useful model for the patentability requirements defined in the Article 7 paragraph 1 of this Law is made. The patent is issued on the risk and responsibility of the applicant.”;

in paragraph 2:

to replace words “a decision on the patent issuing is made” with “the expert organization

to replace word “Kazpatent” with “the expert organization”;

to add words “as well as information about any changes in the entries in correspondent State Registers”;
